

WKS
Workplace Knowledge System

The Knowledge Management Solution

Demystify, Derisk and Deliver emerging technologies for manufacturing.

Fearghal O'Hare

IMR Software Development Manager

Leads a talented and experienced team of UX Designers, Software Developers, IT and VR/AR Engineers. The team helps IMR deliver cutting edge solutions to the manufacturing industry across 4 thematic pillars: Digitisation, Sustainable Manufacturing, Design for Manufacturing, Automation and Advanced Control.

Know How, Know Now!

WKS supports first time right manufacturing, enabling tacit knowledge sharing across enterprises to reduce variability and increase productivity.

30% of knowledge is formal, 70% demonstrated.
WKS handles all your org's knowledge

All your usual doc types plus **Videos, Images, Audio**

Powerful Search algorithms tailored for your role, specific to your team, projects and processes

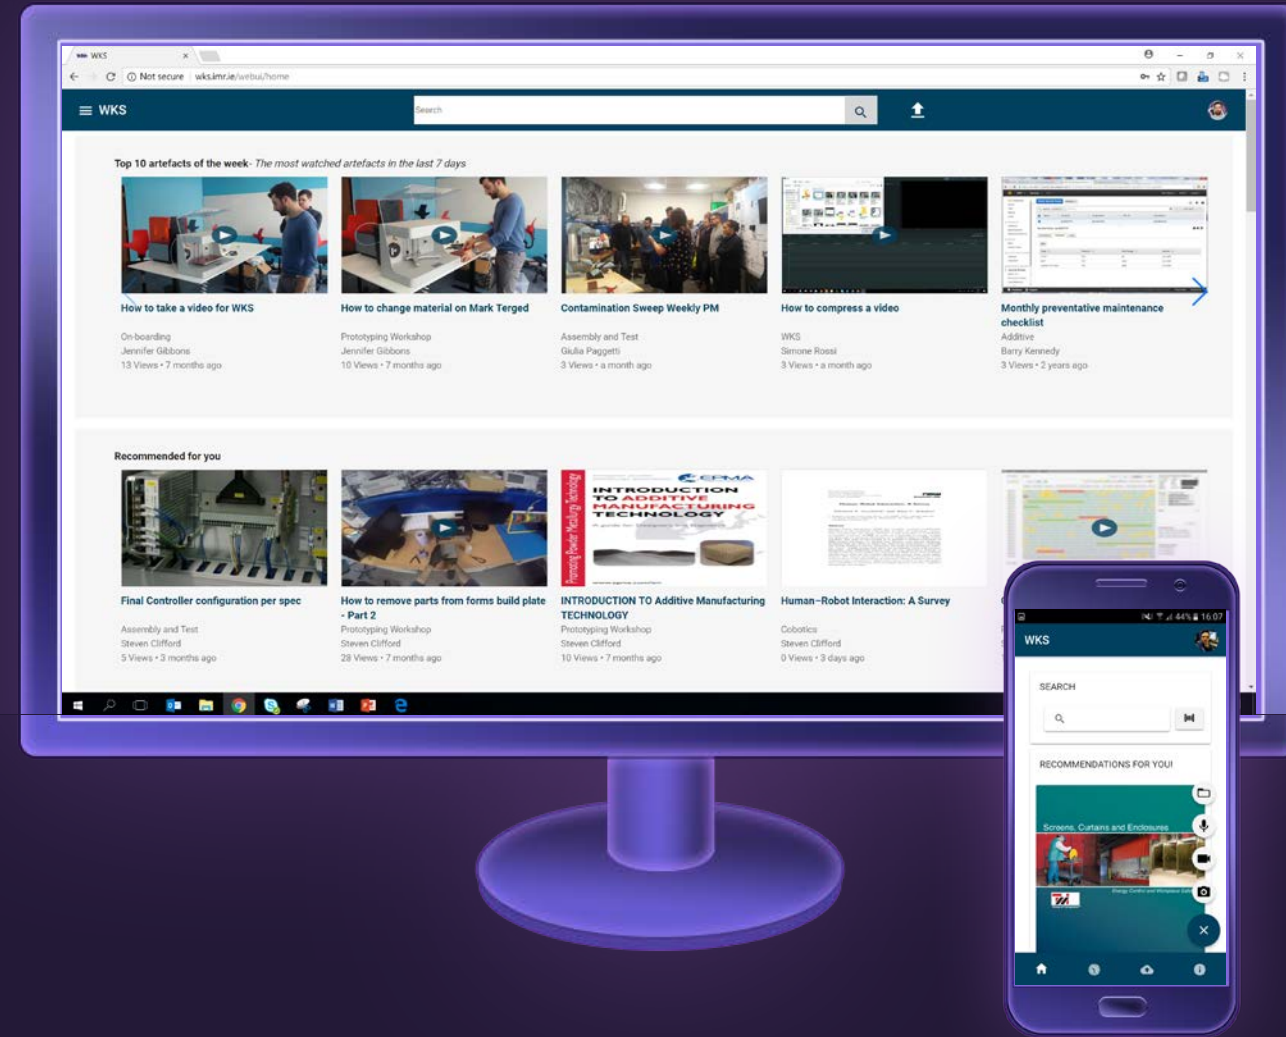

Workgroups connect users to knowledge Artefacts. Apply an approval loop for assured content quality!

Never miss anything with our Intelligent Knowledge **Recommender System**

Get straight to the point with our **QR codes**.
